

Amendments to the Specification:

Please amend the specification as follows:

Please amend the title to read as follows:

**LED VEHICLE LAMP INCLUDING REFLECTOR WITH PARABOLOIDAL
SECTIONS**

Please replace paragraph starting at page 9, line 6, with the following rewritten paragraph:

The six first LEDs 6 and the six second LEDs 7 are electrically connected to a power supply (not illustrated) such as a battery. As illustrated in Fig. 1, a 0° axis (O1-O1) of each of the six first LEDs 6 is inclined toward the first reflection surfaces ~~[[9]]~~ 8 relative to an optical axis Z1-Z1 to be explained later. As illustrated in Fig. 2, a 0° axis (O2-O2) of each of the six first LEDs 6 is inclined toward the second reflection surfaces 9 relative to an optical axis Z2-Z2 to be explained later.
